

## Ceramics, Stained Glass & Painting

This studio is a multi-use area and includes a pottery/ceramic kiln, easels and tables. Solar tube skylights are installed to allow natural light to filter into the room.

Designed by Robert Kubicek Architects with interior finishes by the Robson Design Group, the Creative Arts Center is approximately 5,500 sq. ft. and houses three separate studios offering a variety of creative outlets for homeowners to pursue.

## Woodcarving

Woodcarving enthusiasts will enjoy working in this studio, which offers a band saw, drill press, sanders and individual box filters.

## Sewing, Quilting & Crafts Studio

This versatile studio provides a great space for working on a wide variety of projects, which may include, beading, stamping, scrap booking, sewing and quilting.
